EDUCATION

SRM institute of Science and Technology
Computer Science Bachelor of Technology
CGPA: 8.01

Bharathi Salai, Ramapuram, Chennai-600089
June 2024 - May 2028

Velammal Vidyalaya
Biology+Maths CLASS 12
Percentage: 62%

Seemathaman Koil Street, Alapakkam, Chennai-600091
June 2023 - March 2024

SKILLS

Programming Languages: c, c++, python, html/css, SQL, Java, uml, kotlin, xml
Libraries/Frameworks: javascript, django, pytorch, tensorflow, scikit-learn, vercel ai sdk, react native
Tools / Platforms: VS code, Android studio, copilot, github co pilot, gemini agent, replit agent, codex agent

PROJECTS / OPEN-SOURCE

Syndra scan | [Link](#)

html,css,javascript,python,yolov algorithm

Advanced pattern recognition system matches genetic syndrome characteristics from multiple biological data sources including facial features, medical symptoms, and vital sensor readings simultaneously for accurate preliminary diagnosis support.

Django Algorithm | [Link](#)

html,css,javascript,C,django algorithm

Advanced graph algorithm implementation using Dijkstra's method to determine optimal network root node by calculating minimum total shortest-path distances and maximum node reachability.

Doctor Performance Evaluation System | [Link](#)

html,css,java,python,sql

Comprehensive database management system tracks doctor performance and patient feedback through Flask backend, MySQL relational database, and interactive HTML/CSS/JS frontend interface.

SmartNotes AI | [Link](#)

kotlin,xml

a smart easy and compatible app which analyses notes and reminds tasks using alarm with AI automatic folder creation

Image captioning | [Link](#)

html,css,javascript,python

This project demonstrates the practical application of multimodal AI by bridging a Flask and JavaScript stack with a vision model to automatically generate accessible, context-aware image descriptions.

CERTIFICATIONS

- Edge case - **Geeks for Geeks**
- Getting Started with Artificial Intelligence - **IBM**
- Critical Thinking in AI Era - **HP**
- UI/UX for Beginners - **Great Learning**
- Fundamentals of Programming Java - **mind luster**
- Python basic - **Hackerank**
- C programming course - **infosys springboard**
